

TARATAMYA OR GRADATION OF SOULS

Introduction:

One of the most important tenets propounded by Acharya Madhwa is Taratamya or Gradation of Souls. Taratamya talks about gradation of souls that is inherent in souls and not subject to change. This is to say, a Jeeva never interchanges its Kaksha (or Grade) whether it be in asrujyaavasta, srujyaavasta or mukti. For instance, a Jeeva who is in Kaksha 5 can never move into Kaksha 4 or Kaksha 6. A Kaksha is classification of a Jeeva (or group of Jeeva-s) based on their capabilities called 'GuNa-s'.

Taaratamya exists among all kinds of souls – Saatvik, Raajasik & Taamasik. Brahma is the top-most Jeeva in Satvik category, Puranjana in Rajasik and Kali in Tamasik category. So if we were to look at entire Jeeva-Samooaha, Brahma is top-most and Kali is bottom-most.

Quotations from Vyaasa Saahitya showing the importance of Taratamya:

1. BhavishyOttara Puraana

Hari: sarvOttamasyAkShAdramAdEvl tata: paraM |
Vidhi vAyu tadaMtEcha tadaMtE sharva pUrvakA: |
Evam taratamAj~jEyA: suradaitya narEShu cha ||

Lord Hari is all Supreme. Goddess Lakshmi is next in gradation. Then come Brahma and Vayu. Then come Shiva and others. Similarly gradation is to be understood among gods (Devata Taratamya), demons (Daitya Taratamya) and men (nara – Nityasamsari Taratamya).

2. Garuda Puraana

It is hard to find the true knowledge of gradation in Kaliyuga among Vaishnava-s, even though, one may be equipped with twelve qualities and know all four vedas.

3. Tatvaviveka

tAratamya parij~jAnAt tEShu dhyAta: vimuktida: |
prItiM na chAnyathA yAyAt iti shAstrasya nirNaya: ||

The conclusion from Shaastra-s is that God, when meditated upon with TaaratamyA gynAna, will be pleased and not any other way.

4. MahaaBharata Tatparya Nirnaya

tAratamyAM tatOj~jEyaM sarvOchchatvaM harE: tathA |
EtadvinA na kashyApi vimukti: syAt kathaMchana ||

Why indeed, only evil will befall on those without tAratamyA gynAna, whereas with TaaratamyA gynAna, the darkness of ignorance is lifted away. That is why TaaratamyA gynAna and the all supremacy of Lord Hari is to be known. Without this, no one and no way will ever obtain mukti.

5. Sattatva-Ratnamala
nAmAdi mArutAMtEShu dEvEShvEbhyashcha bhEdata: |
upAsitO harirmuktiM dadyAnnAstyanna samshaya: ||

From the lowest god to Vayu deva, tAratamyA among gods is to be known. Lord Hari worshipped with such gynAna, gives mukti and let there be no doubt in this.

6. Shri Raghavendra Swaamiji – Chandogya Upanishat Khandartha
tAratamyA j~jAnapUrvaM tadaMtargatatvEnOpAsitO |
harirmOkShAdi sarvapumarthaprada ityatO dEvAnAM tAratamyamAha ||

When gods are worshipped with taaratamyA gynAna, Lord Hari, who is indweller of Gods, will confer all the purushaarthaas including moksha. Thus, after this taaratamyA among gods is explained.
